Come the morning I'll be far from here

There never seems to be enough time to do the things you want to do once

you find them

There's so much left to know and I'm on the road

to find out

Your time has
come
to shine

All your dreams
are on their way

But it's the laughter
we choose to remember

The way we were

I want to
hear some
funky
Dixie land

Pretty momma come and take me by the hand

We're going
to need
a helping hand.

I am Woman

Funny smiles
Silly smiles
Kool-aid smiles

Sunshine on my shoulders almost always

makes me high

I'd like to
see what
the papers say
on
the
state
of teenage
blues

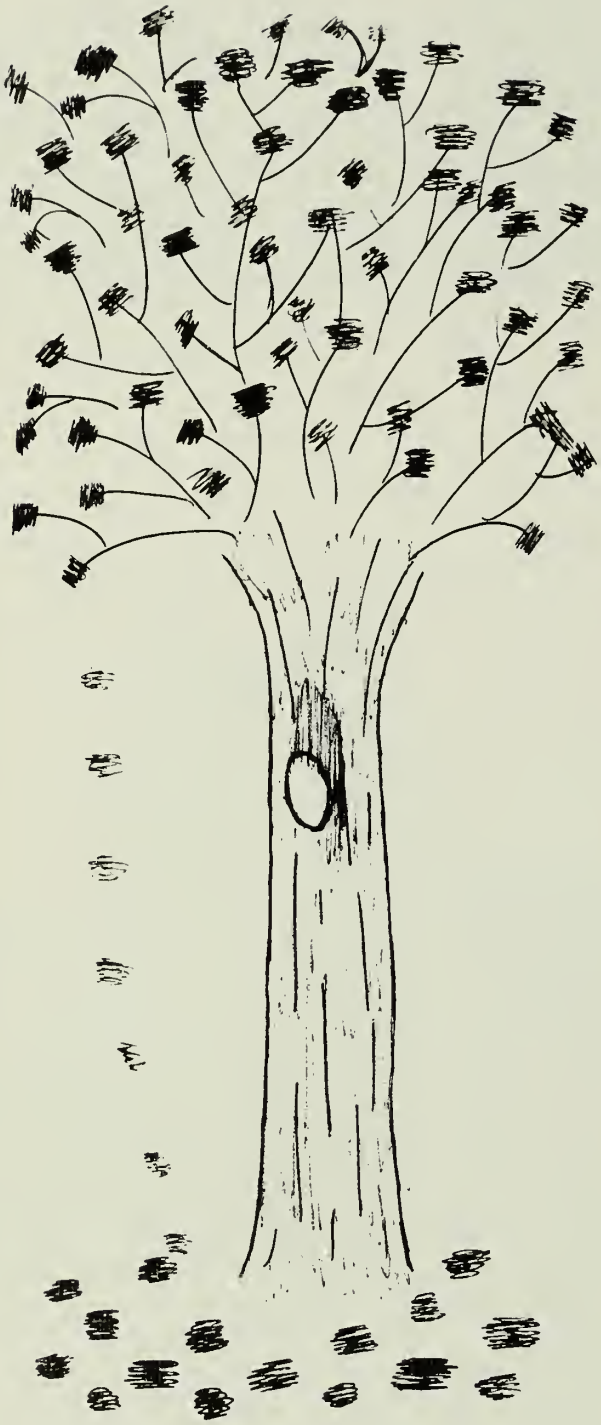
Float History

1974

1975

Class H



Freshmen 1971-1972

As we gained our courage and walked up those slanted stairways to the third floor, we knew it was just the beginning. The first rally sure was a surprise, when the cheerleaders yelled, "Let's hear it from the freshmen!" and suddenly the whole balcony became quiet!! Then when we realized our stupidity, we interrupred Mr. LaPierre's speech by starting our cheer.

Remember the first Booster Day we participated in? Our float of the Judge didn't win! We had worked so hard, and what a great disappointment! It was one of the best years we had ever seen; the football team and all its supporters were able to yell, "Ho, Ho, 9 and 0!" That same year the basketball team made it to the state semi-finals and the baseball team went into the Western Mass. championship.

How could any of us forget the "Freshmen Welcome" when the six foot seniors were dancing with us short freshmen? Also what about Slave Day when we as freshmen bought the seniors as slaved for a day. It took our whole year's allowance, but it was worth all of the excitement. All of this brought us closer together, and when June rolled around we were ready for another great year.

Sophomores 1972-1973

As sophomores we had already established ourselves in the good old Turners High. Knowing it was our last year in that school we had to make the best of it.

When Booster Day rolled around we decided to make our float of a chicken in an egg. The chicken was much better than our freshmen float only when we mounted it on the trailer, we put it on backwards. Again our float lost.

Remember when we chose the ring committee? How many times did we call Stanley's jewelry store? And when our rings finally came in how we hated them and the graduating class liked them! When June came we were all looking forward to entering the new school.

History

Juniors 1973-1974

Starting off our junior year was like beginning all over again. As we entered those doors to the new school, everything was new and very strange to all of us. We were like lost sheep those first few days, as everyone else.

The theme for Booster Day was Walt Disney, so we showed our talent by making Goofy as our float.

The new auditorium was silent, and the lights were dimmed as the spotlight was on the people participating in Junior Prize Speaking. All the emphasis and work put into the speeches, made Junior Prize Speaking a great success.

Our Junior Prom in the Carriage House at the Northfield Inn was an enjoyable evening for everyone. Everyone looked so nice in long gowns, suit coats, and tuxedos. The theme of the prom was "This Magic Moment". This was the last big event and when June came we were all ready for our senior year.

Seniors 1974-1975

Our senior year finally came. It was something we had all worked and waited for. Throughout our four years of high school this was our first year to have a Schools Match Wits team. Also it was our first year to have a girls' field hockey team. Remember getting back our proofs and not being able to decide which one to get?

Booster Day was a great success. There was enough food at the supper, the parade started on time, and the football team won the game. The theme for Booster Day was ecology and we made an owl. How could anyone forget that as we were bringing our float to the parade, the owl fell right off? The football team was again tied for the championship.

Slave Day was a success when it came to money, but it was also a lot of laughs, headaches, and pains. As June comes around we'll be leaving with tears in our eyes, but a lot of happy memories. These few years have been "Precious and Few"!!!
